That's right. You can use Agile Onion for Free! Why are we doing this?

We needed a tool like this at Agile Meridian, so we built it. Our guess is you could use it as well.

All we ask is tell us what you think and tell your friends.

Let's Get Started

Assessments are crucial in various fields, such as education, healthcare, business, and research.

- They serve multiple purposes:
- Evaluation and Feedback
 - Performance Measurement
 - Data Collection and Analysis
 - Decision Making
 - Quality Assurance
 - Personal Development

They help individuals understand their abilities, preferences, and areas for growth, aiding in personal and professional development.
